

U. S. LEGATION IS ATTACKED

MAYOR NAMES CRISSWELL AS POLICE CHIEF

Alice Longworth Says

(Special To The News)
WASHINGTON, D. C., May 4.—The forcing of the Frazier-Lemke bill to a vote is a feather in Father Coughlin's breeches. With pertinacity and political adroitness he has hammered this one issue almost to the exclusion of any other. He is hell bent for inflation, and knows how to get at the congressman, each in his own district.

Those who think the Detroit pastor has lost his power merely because his newspaper publicity has been falling off must realize that this master of reiteration is still to be reckoned with. While the academic braintrusts are distilling theories into the president's ear, this circuit rider of the airwaves is cannily concentrating upon the congressmen, who, after all, still make the laws.

If this bill to print three billion dollars for the farmers passes, will Father Coughlin speak for the other groups that have an equally avid appetite for crisp new greenbacks? The city man with a mortgage feels just as unhappy about it as does the debt-ridden agriculturist.

PA NEW OBSERVES

With pleasant weather prevailing over the week end, many of the city's ardent golfers got in their first links of the season. All the courses in the community were well crowded, it is reported. The real reason opens this week, when several of the golf leagues will play their first games.

Vegetation of all kinds is at an advanced stage, Pa. New notes. Tulips are coming into bud and will be blooming in a few more days. The flower buds are beginning to show up already on Peonies. Trees are almost out in full leaf, especially the early leafing species.

Over the week-end a couple of strange sights were seen on the streets of New Castle. One, a man was noticed mowing his lawn long after darkness had surrounded him. The other was a young girl running in the midst of a heavy downpour of rain with an unopened umbrella under her arm.

Heavy snows of the past winter seem to have demolished a number of ruins of old log barns, and weather beaten buildings that have stood on the landscape in this part of the country for years, unoccupied. Pa. New notes several that have collapsed within the past few months, apparently as a result of the heavy load of snow that was deposited during the winter.

Dogwood blossoms are now out in profusion in the woods of this section.

Will Increase Operations At Tin Mill Here

New Castle Plant To Have 20 Mills Operating On May 18

SIXTY HOT MILLS WILL OPERATE

(BULLETIN)
2 P. M.

Effective May 18, the remaining eight mills of the 20 hot mills in the New Castle plant of the American Sheet and Tin Plate Company will resume operations according to an announcement made today by R. E. Sturdy, assistant manager of the New Castle plant.

The authority to start was given Mr. Sturdy over the telephone by D. A. Barrett, vice president of the company from his Pittsburgh office. With Mr. Barrett was D. S. Pyle, general manager of the American Sheet and Tin Plate Company in New Castle.

Twelve of the New Castle hot mills have been operating several months and all of the forty of the Shenango Works. The resumption of the other eight mills means that 100 per cent of the 60 hot mills in New Castle will be in operation, the first time since mid-year of 1934.

The New Castle plant is turning out finished black plate and for this reason the finishing departments of the plant are not operating. Most of the product is being shipped direct to the consumers.

With the resumption of the eight mills, employees who have been sharing the work on other mills will be assigned to the eight. No new men will be taken on but all the employees will be working full time.

Workmen started today repairing equipment, painting stacks and getting rolls in shape for the morning of May 18.

HARRISBURG, May 4.—With two immediate problems—selection of a speaker of the house of representatives and a speedy emergency appropriation for unemployment relief before them, Pennsylvania's legislators assembled here today for the opening of Gov. George H. Earle's first special session of the general assembly.

Both chambers of the legislature will convene at 8 p. m., E. S. T., with the governor's message, outlining his legislative program and revenue measures, slated for delivery two hours later. The address to the combined houses will be heard over a state-wide radio hook-up.

To Select Speaker
Prior to the chief executive's address, members of both major parties will hold their caucuses for the election of a permanent speaker of the house, the post now held temporarily because of the death of Wilson G. Sarig by Rep. Eugene A. Caputo, Beaver, as chairman of the committee on judiciary general.

Caucuses of Republican and Democratic house members were to be held late this afternoon, while a caucus of senate Democrats was (Continued On Page Two)

Tombstones Are Knocked Over

Vandals Who Caused Damage At Greenwood Are Hunted

Police today are searching for persons who knocked over 83 tombstones along one of the driveways in Greenwood cemetery about midnight Saturday night.

As a result of the vandalism some of the tombstones are ruined and it will be necessary to use a crane to put others back in position. The vandalism was discovered on Sunday morning.

Most of the tombstones were being replaced today. However, attaches of the cemetery stated that some of the tombstones are so badly damaged they cannot be put back in place.

Await News Of County Residents In Ethiopia

Although the attention of all the world is focussed upon the panic-stricken capital of Ethiopia it is doubtful if any people await news more anxiously than the Lawrence county families of two missionaries, Rev. Clarence W. Duff and Rev. Duncan C. Henry.

Rev. Duff, with his bride of last fall, and Rev. Henry, are stationed at Addis Ababa which for the past forty-eight hours has been the scene of indescribable confusion, mob killing, destruction and pillaging. Although concern for their safety is natural it is thought that they are likely quartered by this time in the British fortified legation. No news about them has been received over the telegraph wires.

Rev. Duff's parents are Mr. and Mrs. W. J. Duff of the Mt. Jackson State Line road. He is a brother of Prof. Robert Duff of Euclid avenue, and Miss Margaret Duff. Rev. Henry's wife and mother reside at the United Presbyterian missionary home in New Wilmington.

Dickie Fletcher Killed By Auto In Youngstown

Little Son Of Former New Castle Family Is Accident Victim On Sunday

Dickie, 3-year-old son of Mr. and Mrs. L. W. Fletcher, a couple well known in New Castle, was crushed to death by the wheels of a neighbor's automobile near the Fletcher home, corner of Fairgreen and Ohio avenues, Youngstown, Sunday.

The son of the neighbor family was backing his automobile out of the garage and Dickie was run over. He was rushed to a hospital but died before being admitted.

Mrs. Fletcher, mother of the boy, was born and raised in New Castle. She was the former Betty Courtney and her mother is Mrs. Mary W. (Continued On Page Two)

ADDIS ABABA, May 4.—At least 10 Europeans were killed and more than 300 Ethiopians wounded in two days of wild pillaging and rioting that left Addis Ababa a shambles, took the life of one American woman and left the streets strewn with corpses of murdered natives.

The American woman victim was Mrs. A. R. Stadin of Loma Linda, Cal., wife of an American medical missionary of the Seventh Day Adventist Church hospital.

Most of the other Europeans killed, according to authorities, were Greeks and Armenians. British Red Cross officials said the British ambulances collected and attended more than 300 wounded Ethiopians on Sunday alone.

City Is Wrecked
Addis Ababa was virtually a wrecked city following 36 devastating hours of incendiary looting, killing and wild street fighting that followed the departure of Emperor Haile Selassie and the royal family aboard a train for Djibouti, French Somaliland.

While Ethiopian fought Ethiopian, it appeared certain the Italians would march into what is left of the city without opposition. White flags flew from the tops of hundreds of native huts.

Forty-Seven Men And Women Thrown Into Water By Impact Of Boats

(International News Service)
NEW YORK, May 4.—Five persons today were thought to have lost their lives when a Caribbean freighter rammied a fishing sloop off Ambrose light ship with such force that 47 men and one woman were hurled into the water.

The freighter was the *Angelina* of the bull line; the sloop the *M. J. R. 3rd*.

So far only one person is known definitely to be dead. He is Joseph Pateti, 39. He was aboard the fishing vessel and apparently died from shock. Approximately 20 persons were known to have been hurt.

The freighter, bound for New York from Porto Rico, almost cut the much smaller vessel in two. A half dozen fishing boats, which were nearby when the accident occurred, picked up the passengers and crew of the *M. J. R. 3rd*, who were thrown into the water.

The captains of both ships blamed the collision on fog.

NEW GERMAN BORDER DECREE

New Orders For Zones On Borders

Five Kilometer Zones Are Established And Uniformed Soldiers Are Barred

SOLDIERS BARRED FROM RHINE BRIDGES

By PIERRE J. HUSS
International News Service Staff Correspondent
(Copyright, 1936, by International News Service)

BERLIN, May 4.—General Werner von Blomberg, Reich defense minister, issued a sweeping decree today establishing five kilometer zones along the Franco-German, Belgian-German and Czech-German frontiers in which soldiers and uniformed officials of the Reich army are forbidden to appear.

The decree, effective as from May 1, also specifically prohibits uniformed soldiers from setting foot on any Rhine bridges spanning the Franco-German border.

See Delicate Situation
The decree was seen as illustrating delicacy of the European situation and emphasizing Chancellor Hitler's determination to offer France or other nations no opportunity to charge incidents and provocations against Germany's Rhine-land garrisons.

It was regarded also as a further effort to placate British feelings regarding the Rhineland which was suddenly remilitarized by Germany when Hitler denounced the Locarno treaty.

The decree was published in the naval order book, but it is understood orders were issued not to publish it in German newspapers, presumably to prevent the impression that Germany is backing down on her stand in the Rhineland or that she will withdraw her troops.

The order does not mean in any sense that the German army is being withdrawn as far as active forces in the Rhineland or anywhere else are concerned.

LEGISLATORS GATHER AT HARRISBURG

(Continued From Page One)
to convene an hour before the opening of the legislature.

Indications pointed to the election of Rep. Roy E. Furman, Greene, republican, to hold organization support of the Democratic majority in the house. Caputo, however, served notice he intends to fight for the position and has been lining up backing among members of both parties.

Relief Is Problem

Of principal interest to the legislators' constituents, however, was the question of providing funds for the continuance of state unemployment relief after this week. The remainder of the \$60,000,000 appropriated in the last session of the legislature for relief purposes will be exhausted by them and some immediate provision for the future must be made during the first week of the session.

Although the administration program has not as yet been made public, it was understood the immediate emergency appropriation would aggregate between \$12,000,000 and \$15,000,000. What ever sum is decided upon, it will be provided through a transfer of money from the motor license fund. The balance in that fund has been estimated at

\$21,000,000, and an appropriation measure transferring funds for relief purposes from that balance will be presented for passage during the current week.

A full legislative week of five days is anticipated in order to carry through the transfer program to meet the critical condition of relief funds, now practically exhausted.

Another feature of the opening session will be the swearing in of newly-elected members of both houses. A total of 10 legislative vacancies were filled during special elections held in last week's primaries. Eight new members of the house will be seated for the special session, in addition to two state senators.

Half a dozen tax proposals for obtaining the \$70,500,000 sought for relief have been advanced by the administration. Largest money-raiser in the list are a three-mill increase in the personal property tax, eliminating exemptions of corporation securities, \$40,000,000, and a one-cent increase in the gasoline tax, \$12,000,000.

Other suggested tax measures include a 10 per cent tax on liquor sold in state stores, \$7,500,000; a tax on chain stores, \$3,000,000; an excise tax on wholesale and retail electricity, \$5,000,000 and an increase in license fees for heavy trucks and trailers, \$3,000,000.

EXPECT KARPIS TO PLEAD GUILTY

(Continued From Page One)

robberies, kidnappings and murders with which he is charged.

See Further Round-Up
The one-time champion marble-shooter of Topeka, Kas., who turned to shooting up banks has provided "G" men with a vast amount of information, it was reported.

As a result, it was learned from an unimpeachable source, a sensational round up of camp followers of the Karpis-Barker mob is in the offing and it will include prominent politicians and police executives.

Adhering to policy, Clinton Stein, chief of the St. Paul office of the bureau of investigation of the Department of Justice, today refused to discuss what had been learned from Karpis.

But Karpis was particularly questioned, International News Service was informed, concerning "leaks" during the investigation of the Hamm abduction and the \$200,000 ransom kidnapping of Edward G. Bremer, St. Paul banker. Federal men were constantly balked in their investigations, it was learned, because of information as to their every moment relayed to the kidnapers.

Tired Of Being Hunted
Concerning these reports Agent Stein would only say:

"All I can say to you is that the case is still under investigation."

It was considered significant, however, that federal agents emerging from the well-guarded room in the federal building where the grilling took place, wore jubilant expressions.

One official said Karpis, who dropped his brave with alacrity when he looked down the muzzles of federal men's shotguns in New Orleans Saturday, told his captors he was "glad it was over," that he was "tired" of being constantly hunted.

Karpis said that for two years he had had a gun constantly at hand.

"He ate with a gun on a chair beside him and slept with one under his pillow," the official said.

"Karpis revealed that the slightest noise at night would awaken him with a start, that he would sit for hours in the dark, a machine gun in his lap, awaiting the expected raid of the 'G' men."

Fred J. Warnock Dies Suddenly

Former Mayor Of Youngstown Stricken At Summer Home On Lake

Following a heart attack at his summer home at Geneva-on-the-Lake, Saturday night at 11 o'clock, Fred J. Warnock, 58 of Youngstown, O., a former New Castle man died. He had been in poor health for some time but had carried on his law practice.

Mr. Warnock was born in Shenango Township, the son of Hugh H. and Mary Jane Warnock in June 1878. After leaving the public schools of the township he prepared for college at Rogers, O., and then entered Westminster College, graduating with the class of 1904. He studied law in New Castle and upon admission to the bar went to Youngstown, O., where he established the law firm of Warnock and Nicholson.

Always an active Republican he was elected mayor of Youngstown in 1920 and served two years in the office. For many years he had taught the Men's Bible class of the Evergreen Presbyterian church of Youngstown, and was affiliated with the various bodies of the Masonic fraternity.

He is survived by his widow, Jean Lawrence Warnock, two sons, Harry L. and Fred Jr., of Youngstown and one granddaughter Nancy Jean. His mother Mrs. Mary Jane Warnock and a sister, Mrs. James Banks reside on Norwood avenue, New Castle. In addition the deceased has many first and second cousins in New Castle.

Funeral services will be held Wednesday afternoon, May 6, from the Schreiber Funeral home, Youngstown at 3:30 o'clock.

Ministers who will officiate at the funeral Wednesday afternoon will be Rev. Carson Press and Rev. Gilbert Van Beyer, with the Grand Commander of Ohio, Knights Templar in charge, District Grand Commander, Right Eminent Sir Albert A. Kohler, of Akron, O., will preside. The late Attorney Fred J. Warnock was a ward of the grand commandery. He was also a past patron of the Order of Eastern Star, Corem Chapter, Past Commander St. John Commandery, Knights Templar, past master of Western Star Lodge, Free and Accepted Masons and past monarch of the Grotto.

HAILE SELASSIE GETS PROTECTION FROM BRITISH

(Continued From Page One)

Eden informed the house of commons this afternoon.

Not Abdication
Eden made it clear that in fleeing from his war ravaged country the emperor did not abdicate.

The emperor has been warned, however, that he will not be allowed to direct further resistance against the Italians from British mandated territory.

Haile Selassie informed Sir Sidney Borton, British minister at Addis Ababa on Friday that he had "renounced the direction of affairs, which he had confided to the council of ministers."

"The emperor intended to leave for Djibouti immediately with his family," Sir Sidney reported by wireless to Eden.

Later messages confirmed the departure, and today Sir Sidney radioed that the forces of Marshal Pietro Badoglio were within 14 miles of the capital, able to enter the riot-torn city today if the commander wishes.

Instead of finding a governmentless capital, however, Eden indicated, the Italian command will have to deal with the remnants of the cabinet, governing as a regency council.

The British foreign secretary implied that Emperor Haile Selassie and his family would make their home, at least for some time, in Jerusalem, possibly finding sanctuary in the ancient copic monastery there. Coptic Christianity is the emperor's and Ethiopia's official faith.

HAILE SELASSIE'S FLIGHT AMOUNTS TO ABDICATION

(Continued From Page One)

announced that the Italian advance guard had reached the outskirts of blazing-riot-torn Addis Ababa.

Announcement that the Italian vanguard is on the Ethiopian capital's outskirts climaxed a long, rapid drive from the north over difficult terrain, negotiated by the troops and motorized columns under command of Marshal Pietro Badoglio, leader of the Italian northern army.

Considered Abdication
In Rome the flight of the Negus is considered outright abdication from his throne.

Officials here assert no competent Ethiopian official now exists with whom negotiations might be carried on by Italy.

Therefore, it is said, it is "inevitable" that the Italian forces, automatically and without discussion, will take possession of the sections of Ethiopia that Emperor Mussolini's representative at Geneva, Baroni, had demanded in his preliminary negotiations.

These sections include the capital, the border points through which caravan routes pass, roads and railroad junctions.

With Ethiopia left without a government head, it was stated here no obstacle exists to the original Italian plans of dealing with local chieftains and creating an "autonomous" tribal and regional government under their—strictly controlled by the central Italian military administration and virtually dismembering the Negus' former empire.

Surviving are three daughters, Mrs. McKee of this city, Mrs. S. N.

Osborn of Connellsville and Mrs. C. R. Pease of Ada, O.; three sons, M. J. Cummings of Connellsville, H. J. Cummings of Perrysburg, O., and J. M. Cummings of Dunkirk, O. He also leaves a brother, Samuel Cummings of Mt. Pleasant, Pa., and two sisters, Mrs. Kate Kelly of Donora, Pa., and Mrs. Sarah Henderson of Scottsdale, Pa.

Brief services will be conducted at the J. S. McKee home Tuesday evening at 7:30 o'clock, with Dr. J. J. McVaine, pastor of the First Presbyterian church, in charge.

The body will be taken to Connellsville, Pa., where further services will be conducted Wednesday at 2 p. m. in the First Methodist church. Interment will be made in Hillgrove cemetery.

Funeral services for Miss Carrie E. Graham, of East street were conducted at the R. L. Boyd funeral home Saturday afternoon, with the Rev. G. S. Bennett, D. D. pastor of the First Christian church, in charge.

The pallbearers were Delmar McConnell, John Dwyer, Henry Marshmer, Elmer Marshmer, Norman Weller and Floyd Alford.

Interment was made in Riverside cemetery, Poland, O.

Funeral services were conducted for Mrs. Sally Polk, wife of Adolphus Polk, of 613 West North street, Saturday afternoon at 2 o'clock in St. Luke's A. M. E. Zion church, with Rev. N. L. Meeks in charge, assisted by other local ministers.

MOTHER'S DAY AT LAWRENCE CHAPTER

Mothers' Day was appropriately and impressively observed by Lawrence chapter, Daughters of the American Revolution, Saturday afternoon at the May meeting in the home of Misses Anna and Lillian Perry on East Grant street. Daughters were special guests.

In a beautiful talk by Mrs. J. J. McIlvaine, a lovely tribute was paid to all mothers, in which worthwhile thoughts on a mother's duty to her daughter were brought out, as well as a daughter's appreciation of her mother. Mrs. McIlvaine also read an original article eulogizing her own mother, Mrs. J. Knox Montgomery, which she had been requested to write some time ago by a prominent magazine.

Appropriate music was furnished by Mrs. Wallace Donovan, a newcomer to town, who possesses a lovely voice. She sang two selections, accompanied at the piano by Mrs. W. H. Luikart, Mrs. Harold R. McCulloch, regent, was in the chair for the business session, during which many important matters were transacted. The chapter voted two camperships, one to the Y. W. C. A. and a second to the Girl Scouts, for the coming summer. It was also voted to purchase a large chapter flag.

Plans were discussed for the June meetings, it being decided to postpone the one scheduled for June 6 and have a trip instead to Economy, near Zelienople, to study the history of this early Economite settlement and view the many interesting spots there. The date for this innovation will be determined a little later. Mrs. C. R. Ralph was appointed chairman of transportation. Members will contact her for convenience.

The next social activity is dated for Saturday, June 13, when a basket picnic will be held at one o'clock at "Eastover", the home of Mrs. E. B. Russell, near New Wilmington.

Teatime at Saturday's meeting was especially inviting, the guests numbering around 45, being invited to the prettily decorated dining room for refreshments. The table was laid with a handsome lace cover and centered with a bouquet of spring flowers, jonquils and narcissi, to accent a yellow, green and white color theme. Tall yellow tapers were in silver holders, and presiding at the tea service was the regent, Mrs. McCulloch.

Assisting hostesses with the Misses Perry were: Mrs. Clarence H. Fischer, Mrs. George A. Rigby, Mrs. W. A. Hoffmaster, Mrs. T. J. Hamilton, Mrs. John Emery, Miss Minnie Jackson, Mrs. P. F. Which End Of The Gun?
A Universe Of Gas.
Will The King Marry?
The Lash Of Hawaii.
By ARTHUR BRISBANE

LOS ANGELES, May 4.—It makes a difference, even to the Number 1 Public Enemy, "I'll never-be-taken-alive-bandit," which way the gun is pointed. Mr. Karpis is taken, much alive, with no struggle, beyond holding a straw hat over his face to baffle photographers.

MUCH EFFICIENCY in cash rewards. Dillinger defied all the "G-men"; a reward was offered, and a red-haired lady delivered him to the "G-men" bullets, and got \$5,000. Whether the \$7,000 reward offered for Karpis tempted some friend of that courageous one, remains to be seen.

THE CRIMINAL is in business for the money, and when he can sell a friend for \$5,000, that seems preferable to risking his own life. The reward system should be extended, \$5,000 reward for evidence resulting in arrest and conviction of any murderer.

Certainly \$100,000 of public money had been spent in a futile search for Dillinger, before the \$5,000 reward made the lady with the red hair realize her duty.

KARPIS, flying with G-men, from New Orleans to St. Paul, was chained to the seat of his airplane, a nervous way of flying. It might frighten, usefully, some "never-be-taken-alive" men.

IS IT NECESSARY for the Attorney General's G-Men department to announce officially by name each succeeding "Public Enemy No. 1?"

This gratifies the criminal's vanity, magnifying the importance of one more "yellow dog," and frightening needlessly those who come in contact with him.

The dime-novel value of the title cannot be important to the "G-men."

THE CARNegie INSTITUTE announces a new "flow of matter" having to do with the "cohesion of infinitesimal particles of matter within the atom."

If it were not for that law, according to scientists "the universe would consist of nothing but light hydrogen gas." That should interest politicians, who, after the big conventions, will live until November in a "universe consisting of something lighter than 'light hydrogen gas'."

CONCERNING the serious scientific statement, since all matter from solid rocks to atmosphere is made up of particles of electricity, all our senses, all appearances being deceptive, it would seem that the Universe might just as well be made of gas, light or heavy.

It would be as easy to imagine solids and liquids in a universe of light hydrogen gas as to imagine them made up of positive particles of electricity. Nothing is real except TRUTH and men are not agreed on that.

ENGLAND'S new King Edward the Eighth is said to be engaged to marry the Princess Alexandra Louise of Denmark, 21 years old, the English King's third cousin.

The uncle of the young lady says he and her father know nothing of it. Nevertheless, it is difficult to believe that King Edward will remain a bachelor, whether he marries this charming young princess or some other, possibly a good healthy young Scotch girl, if one, available, could be found.

THE ONLY CERTAIN immortality is represented by our children left behind to work on this earth. It must be of great interest to provide a child to fill a throne and rule the world's greatest empire, whether or not it lasts.

I WISH—
I wish I didn't have to wear glasses.

I wish I had a deep bass voice.
I wish I'd been born a hundred years ago. I wish I could be born again a hundred years from now (just out of curiosity.)

I wish I had detachable wings and could fly.

I wish I liked spinach (but I don't know why I wish that).

I wish I had a phlegmatic temperament.

I wish my ears were smaller and my feet bigger.

I wish I didn't forget things.
I wish I were six feet tall and had red hair (but not curly).

I wish I didn't have to shave.
I wish the kids wouldn't laugh when I try to do a graceful dive.

I wish I could play the piano like Horowitz or Paderewski.
I wish two hours of sleep a night were enough for me.

I wish I could remember my dreams.

I wish dogs wouldn't bark at night.

I wish I were a mind reader and could turn the power on and off at will.

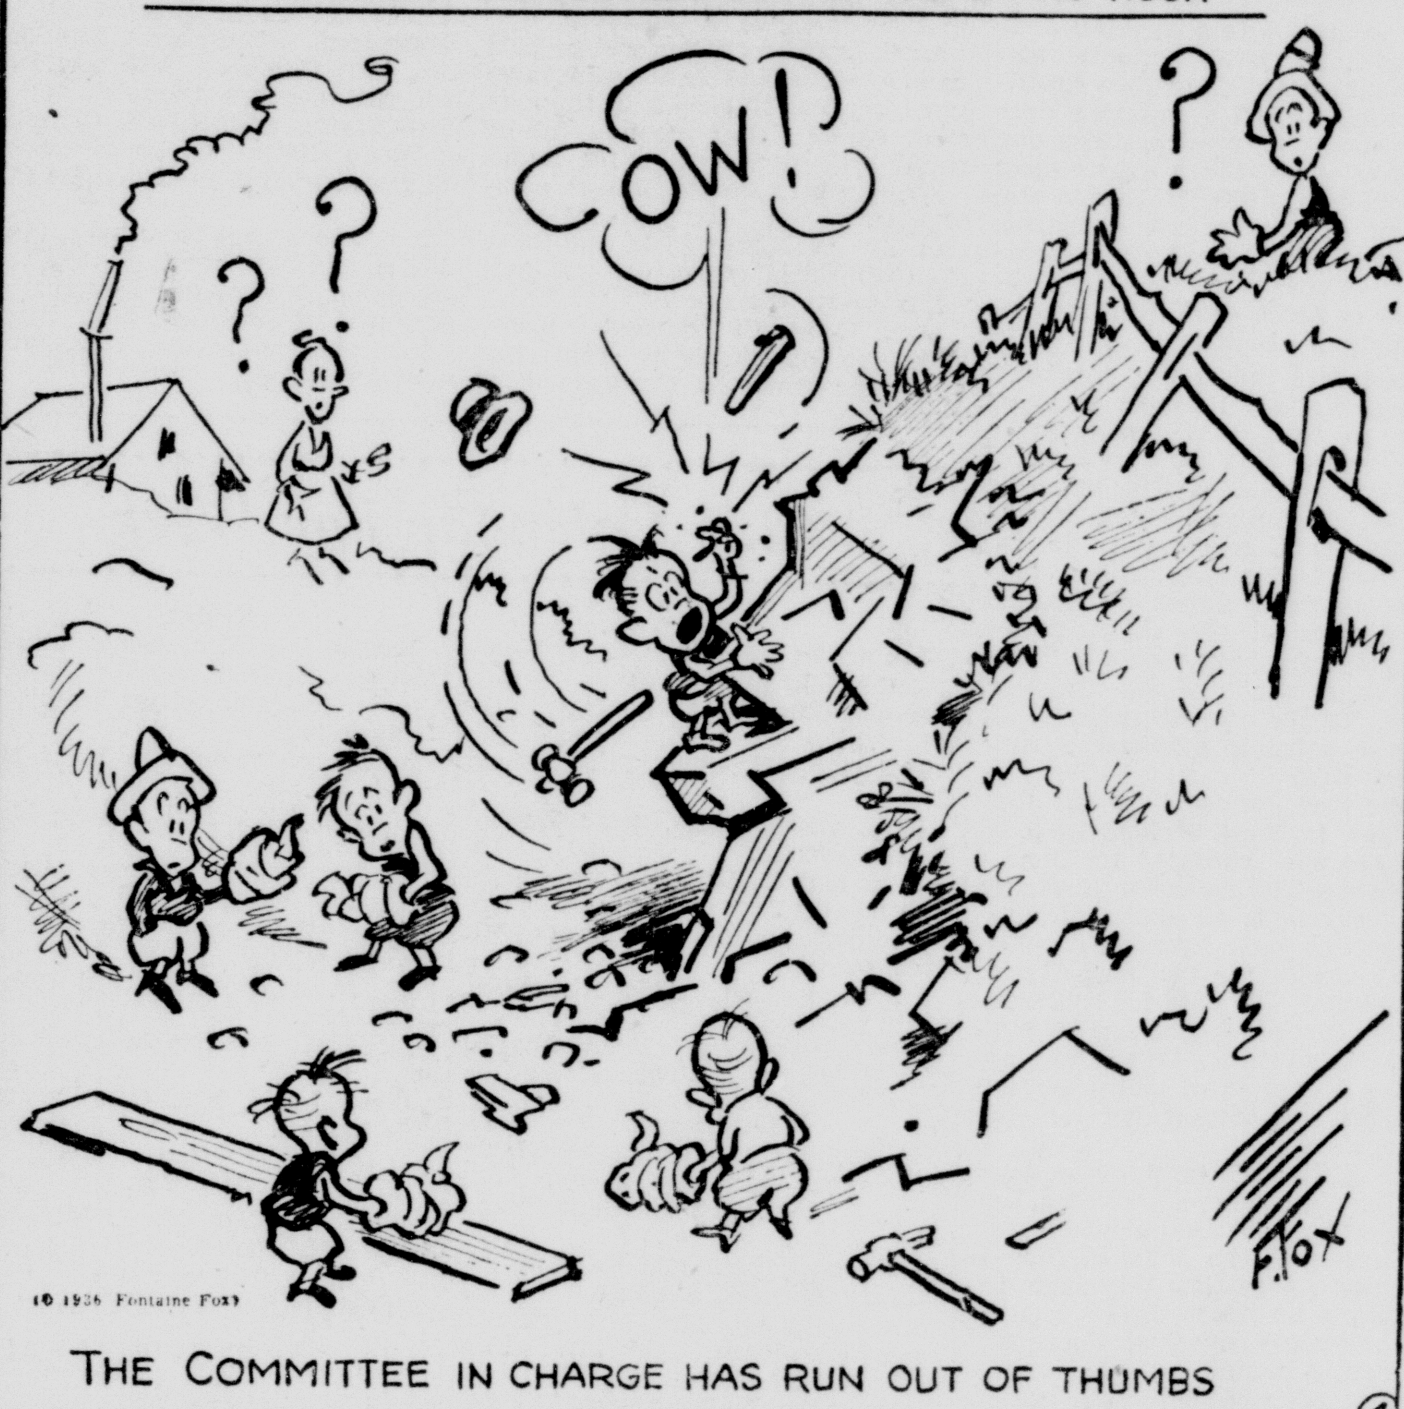

I wish I hadn't wasted so much time (but that wish isn't entirely sincere because a lot of my wasted time has been fun.)

Aand I wish the phone wouldn't ring while I sit here, pleasantly wishing.

Today's Yesterdays—May 4, 1626. For trinkets worth perhaps 60 guilders, Dutch got control of Manhattan Island from the 400 Amerindians living on it.

The surrender of the island for such a price has always been regarded by most as an amusing example of the stupidity of the natives. Actually, it is proof of the unscrupulousness of the early European settlers, for the Amerindians were led to believe by spy Peter Minuit, who was a Prussian, that they were only renting hunting and fishing rights.

Anyway, there are still 400 full-blooded Amerindians living on Manhattan Island. Recently their chief petitioned the mayor to establish a reservation for them in part of the 40,000 acres of unoccupied land within the boundaries of the world's largest city.

The World At A Glance

Lower Tariffs Urged.
No Immediate War Seen.
Consider French Situation.

By LESLIE EICHEL
Central Press Staff Writer
LEADING FINANCIERS are making a determined effort to have the Republican party declare for lower tariffs and removal of other trade and currency barriers. Republican chiefs, however, are up in the air over upsetting Republican tradition.

ANY WARS?
The financial world does not vision any immediate war of consequence.

Should, however, the Soviet be attacked by Japan and Germany (as is often predicted these days), it would not be surprising to see international bankers side with the Soviet.

The big money group in the world is behind the lineup of France and Great Britain with the Soviet. Trade interests lie in that direction. It is assumed that if Germany sees such a lineup, ready for action, she would hesitate to cast her lot with Japan.

Actually, no responsible party in any nation is for a war. If Japanese financial interests have their say, Japan will try to consolidate what she has. That will be a difficult job, financially. Colonies require huge sums prior to becoming self-supporting.

The Soviet is fearful of war. If it could complete its industrial and agricultural programs without interruption, it would be in an enviable position as to future economic possibilities.

Germany, on the other hand, is likely to get into a more desperate condition. Undoubtedly, economic pressure on the Nazis is so strong that to maintain their iron hold they have to make promises. And one of those promises is that pre-war colonies will be regained—like a slice of Czechoslovakia and maybe all of Austria. Those are dangerous promises.

But Hitler is too shrewd to fight with his present "green" army.

LEFTWARD
A Left government in France is expected to be pacific internationalist, but "rough" on financiers nationally.

Financiers profess to see a world-combination against "sound money" conditions.

Great Britain and the United States are looked upon as the last strongholds.

As a matter of fact, scouts in the field report that President Roosevelt actually is acting as a barrier against all sorts of schemes which

would inflate the dollar and raid the treasury. Indeed, the president may be the chief anti-Socialist force, according to some of these scouts, who profess to see a strong underground leftward movement in the United States.

At any rate, New York financial interests are eager to lend a guiding hand to Republican policies, not writing the platform itself. Belief is expressed that economic policies and trends cannot be left to politicians, however favorable, any more. Leading financial interests depend greatly on a tried "brain trust" of their own, economists who observe every move of the pendulum in world trends.

MAN AND A SNOWDROP
I'm sure a snowdrop laughed at me,
Because the other day
Upon the ground I touched my knee
And carried dirt away.
My hands turned black with mud
And grime.

As with the earth I toiled,
And in so brief a space of time
I had my shirt cuffs soiled.

Beneath my finger nails a crust
Of mud at once appeared.
It seemed with every little thrust
I grew the more bearded.

So curious is this life of ours
That plainly it is seen
Man cannot work among the flowers
And stay so very clean.

Man is indeed a blundering wight
That lacks the snowdrops' craft.
And that is why to see my plight
I'm sure that blossom laughed.

"Poor muddled fool," it seemed to say,
"Sad sight for every eye!
Through that same dirt I've forced
My way
Yet see how white am I!"

Mud Puddles

THE "I. W. W.'S"

Calling on Mayor Mark Gehan of St. Paul, Minn., Robert Bergeron brought his wife and ten children, carrying between them three bundles of soiled laundry.

Bergeron, a relief applicant, said they could not do the washing for such a family by hand. He demanded an electric washing machine or would let the Mayor find some other means of taking care of their washing.

Mayor Gehan did some telephoning and obtained the promise of a WPA job for Bergeron at \$60.30 a month. Bergeron turned it down, demanding at least \$100 a month, and a washing machine to do the family laundry.

When the Mayor was unable to comply with these terms, Bergeron and his family trooped out of the office leaving their washing behind.

it was revived and applied at Oahu prison to two convicts called absolutely incorrigible, a menace to discipline.

English magistrates once broke up a so-called "garroting" epidemic by ordering the criminal lashed for choking and robbing tipsy gentlemen on their way home.

Oahu prison reports that two men after the flogging, "sitting silent and silent in their cells." "The incorrigible" prisoners, you may be surprised to hear, are not Chinese or Japanese, so numerous in Hawaii, or native Hawaiians. They are "regular white men." Information as to the flogging will be interesting.

THE NEWSPAPER is a mirror reflecting civilization around it, and the interests of those that read it. Look at today's newspapers and compare the space devoted to one horse race in Kentucky, with space devoted to the Ethiopian war, the eight hundred million dollar new tax bill, the scientific news, and other "dull" matters.

R. B. WHITE, president of Western Union, has ideas and uses them, which does not always happen.

Stamped in colors on your telegram received on Friday is written "Today is Friday, you can still get it done this week if you TELEGRAPH."

That suggests an idea for young gentlemen who begin on Friday to pan for pleasant idleness on Saturday and Sunday, thus disposing of nearly half the week, without results.

The emperor of Iran, Reza Shah Pahlavi, has consented to the women in his realm unveiling if they wish. They are not compelled to discard the veil, but those who wish to discard this age-old custom may do so without hindrance. A new era for the women of Iran is hailed, as this innovation marks the end of their seclusion.

Expert Construction-- --where it can't be seen

Laying one of the oversize storm sewers in Castle View

Neither pains nor expense are spared in any detail of fundamental construction, whether or not it makes a show to the eye.

Our purpose holds to build in New Castle the nation's finest—if not its largest—modern burial park.

The above photograph illustrates the care with which surface and road drainage is undertaken. Under drainage, insuring dry graves, is provided by a natural stratum of gravel at proper depth.

Experienced men and money are thus adding another convincing reason for just pride in our community.

Leftists Win French Voting

Will Be Thwarted In Effort
To Take Over Government, However

HERRIOT BLOC STANDS IN WAY

By MICHAEL WILSON
International News Service Staff
Correspondent

PARIS, May 4.—Extreme leftists of the "popular front" scored overwhelmingly in the French parliamentary elections, returns showed today, but weakness of the "left pinks" appeared likely to rob the winners of the fruits of their victory.

Political experts, analyzing the returns, predicted that despite its absolute majority in the new chamber of deputies, the "popular front" paradoxically will not be sufficiently strong to take over the government.

Will Thwart Program.
Although the Socialists are now the strongest party in parliament with 146 seats, and the Communists captured 72 seats to aid in giving the popular front a numerical su-

periority of 377 of the chamber of deputies' 618 places, it was understood that 40 or 50 radical Socialists led by former Premier Herriot will thwart the extreme socializing ideas of the majority.

Herriot, it was stated, will refuse to support anything with a communistic hue, and he will preferentially vote with the center coalition, which will be supported by the rightist minority.

Although four cabinet ministers and one under secretary of state were not re-elected in the run-off balloting, it is expected Premier Albert Sarraut will maintain the intention he avowed Saturday of reshuffling the cabinet posts, refusing to resign, and going before the chamber June 1 to ask for support.

He will declare, it is anticipated, that only a moderate government can maintain internal order in France and prevent war in Europe.

His strongest argument will be figures showing the flight of capital from France, which is believed to have amounted to more than 1,000,000,000 francs in gold last week.

Dracian economic and financial laws and also a possible change in the governorship of the Bank of France are expected shortly because the treasury coffers are almost empty and taxes are not being collected in the amount expected.

A brush with fairly stiff bristles is valuable when washing badly soiled collar bands, mud-splashed hems or other stains on white clothes. Lay the cloth smoothly on the washboard, wet the brush, rub it across a bar of soap, then scrub the garment with strokes of the brush.

Very wide hemlines are sometimes accented by a contrasting band of ribbon in evening frocks. Sometimes the ribbons are Roman striped, sometimes in the same medium as the dress, as, for instance, organdie bands in one or more colors which create a gay detail at hemlines.

The li, a Chinese measure of length, is the equivalent of one one-hundredth of a day's walk, very slightly exceeding one-third of an English mile on the level.

Dr. McIlvaine Named Hi-Y Dinner Speaker

First Presbyterian Pastor
Chosen For "Accomplishment Dinner"

Dr. John J. McIlvaine, pastor of the First Presbyterian church, will be the speaker at the first annual "Hi-Y" accomplishment dinner of the eight Hi-Y clubs of the local Y. M. C. A. at the "Y" on Friday evening, May 15, it was announced today.

Boys of the different school organizations will join that evening in one grand dinner program, which will officially bring to a close the current Hi-Y season.
As guests there will be Dr. C. C. Green and John C. Syling, city and county superintendents of schools; school principals, Hi-Y advisors, "Y" officials and others.

The affair will be the first of its kind to be sponsored here. It is planned to hold them annually. The Hi-Y meetings will continue after the dinner date, but the Hi-Y year will have closed.

THE WINNER of the 500-mile Indianapolis classic, Kelly Petillo, says: "Camels hit the spot. I've found that smoking Camels—during and after meals—gets a long way in helping keep my digestion in good shape." Camels set you right!

WOMAN'S WORK is never done, according to the old saying. Mrs. Frank Smith is a typical modern homemaker. "Camels make food taste better," says Mrs. Smith. "My digestion works smoothly when I smoke Camels during meals."

ALL ABOARD! Away from home, a business man meets many conditions that upset the normal routine of digestion. Camels stimulate good digestion no matter where you are. Smoke them for digestion's sake. Camels never jangle your nerves.

MASTER WELDER—Dan Rafferty has a job where good digestion counts. He needs a steady hand and a steady eye. "Smoking Camels helps my digestion," says Dan. "Camels taste mild and rich." Turn to Camels—for digestion's sake.

SECRETS OF THE DEEP. "Camels make food taste better and digest better," says Henry Siemer, master diver. "That tasty Camel flavor is made to order for me."

ONE OF THE PLEASANTEST EXPERIENCES of modern life is shown at the right. Leisurely diners at Jacques French Restaurant in Chicago enjoy such dishes as Baked Oysters à la Jacques and the other specialties of the house. And here again Camels are preferred for the flavor of their costlier tobacco! "Camel cigarettes are most popular here," Jacques himself (left) observes. "Camels are clearly the favorite with those who know fine living."

FOR DIGESTION'S SAKE SMOKE CAMELS

Smoking Camels Encourages
Good Digestion, Good Feeling
... Increases Alkalinity

Modern days are trying. Nerves get "wound up." Hurry, worry, and strain tend to interfere with normal processes of digestion.
It is a scientific fact that smoking Camels has an alkalizing effect, through increasing the flow of the alkaline digestive fluids, helping to keep digestion on its proper course. You sense a comforting "lift" and feeling of well-being as you enjoy the delicate flavor of your Camel. You can smoke Camels steadily. With their matchless blend of costlier tobaccos, Camels never get on your nerves or tire your taste.

Camels are made from finer, MORE EXPENSIVE TOBACCOS...Turkish and Domestic...than any other popular brand.

Game Refuges Will Be Built

Plan For Series of Small-Game Refuges Throughout Western Pennsylvania

(International News Service)
HARRISBURG, May 4.—A new program for the development of the state's small game refuges was announced today by the state game commission.

A farm-game experimental project, to be developed under the auxiliary refuge law, will be undertaken by leasing land for small game refuges and public hunting grounds. These tracts will be taken in Bucks, Montgomery, Chester, Allegheny, Beaver, Butler and Washington counties.

Blocks of contiguous lands, about 3,000 acres in area, will be selected, officials said, and numerous small refuges will be established for quail, rabbits, squirrels and other small game animals. Not more than a third of any given block will be devoted for refuges, it was explained, the remainder to be left open for public hunting, and the units will be kept at least 10 miles apart.

Girl Scouts To Have Dinner At Church Thursday

Plans Complete For City-Wide Girl Scout Dinner At Epworth M. E. Church

Thursday at 6 P.M. in the Epworth M. E. church is to open a big night for all the Girl Scouts of New Castle. This is the night they gather to have dinner together, get acquainted with each other and sing some songs. As this affair was asked for by the girls themselves in a city-wide patrol meeting held in the winter, it is a foregone conclusion that it will be a success, and it is hoped many mothers will be there.

This evening is the last for reservations and these may be made by calling either Miss Emily Rice, Mrs. E. W. Guy or W. H. Hanger.

Troop 8, the home troop of the Epworth church, will act as host, seeing that everyone finds her way around and is otherwise cared for.

Troop 4 will lead the singing which will be done while at table.

After the dinner is served, Troop 4 will entertain the audience with a short play. Miss Elizabeth Reis, camp chairman, will tell of the plans for the established camp at Camp Phillips this summer, and Miss Margaret Toepfer will explain about the day camp which will be held in July as usual.

The crowning touch will be a talk and slides on bird life by Nicholas Cassillo, who is too well known for anything further to be said.

The missionary and his family will return to China in August. They have been serving on the foreign field for ten years.

The missionary offering pledge amounted to \$300, an increase over last year.

THE PARENT PROBLEM

By Garry C. Myers, Ph. D.

SENSIBLE MOTHERS EVER SO MANY young mothers are almost distracted because their baby is not "house broke" as early as a friend's child. And those who think they have been very clever in training the child to be "clean" and dry before the age of one or two, are forever bragging about their achievement in the presence of mothers whose children still are untrained. And what makes them brag? They get pleasure from the pain which they inflict upon the worried mother, and the more her pain the more their pleasure. Can you think of any meaner persons than these braggers?

Now I wish mothers would be more sensible than to be effected by these bores. Whether your baby keeps clean and dry at the age of one or two, three or later, is entirely a matter for you and your child, chiefly for you. You do the work. As for the baby, he may be happiest when wet or "dirty." Why make it an emotional matter at all? Why let it be social business? Make it strictly your own.

Many a mother, because of temperament, health or press of household work, should not attempt "training" the child very early. She would get better results and waste so much less energy if she were to wait six months or a year longer to begin than she thinks she should. The actual work involved in caring for the child still untrained at two,

or even three, might take many times less nervous energy than to lift that emotional log in her stomach or carry it around. The worst of it is she may tote the log and still not get results, when it is sure to grow heavier and heavier.

Mother Too Sober Then there's many a mother too solicitous about bed wettings. She will wear herself out getting the baby up at night. Maybe he won't readily go back to sleep then, and she, poor soul, may remain awake for hours—while her husband snoozes. I wish he would bear some of the briny burdens of the night. Let me urge mothers who can't go right to sleep after taking the baby up, to let the child sleep on wet or dry, even though he be three or even five. If nobody shows any feeling about the matter, and the child's skin is protected by proper lubricants and the bed with a rubber sheet, all may be well. Treated so, most children will awaken in the morning dry before they are four or five, anyway.

If I could persuade young mothers to be more sensible about the problems of the baby's wetting by day or night I could save them and their children from oh, so much needless suffering.

Let us keep this simple principle in mind. It is not what is most desirable to achieve, but what is most desirable in the light of what this achievement will cost.

Commencement At Volant May 22

Judge Braham Will Speak At Exercises; Baccalaureate May 17

SCHOOL ACTIVITIES REPORTED IN NEWS

Judge W. Walter Braham will be the speaker for the annual commencement exercises of the Volant high school, announced today for Friday evening, May 22, at 8 o'clock.

The program this year, school authorities revealed, will be somewhat different from the usual procedure at Volant. The class has selected a commencement theme, "The Story Of Our Schools," and the different steps in the development of the school system will be portrayed by different members of the graduating class.

Music for the graduation ceremonies will be furnished by the girls' sextet, boys' octette and the school orchestra. A full program will be announced later.

Baccalaureate services for the graduates will take place on the night of Sunday, May 17, in the Volant Presbyterian church, and the program for the occasion follows:

Orchestra. Junior Boys' Octette. Mixed Chorus. Girls' Glee Club. Junior Girls' Chorus.

Parent Teacher Program The regular monthly meeting of the Volant Parent-Teacher association will be held in room nine of the school building on Tuesday, May 12. The program will be given by students.

See Shakespearean Play Last Thursday the high school students motored to New Castle where they witnessed the presentation of "A Merchant Of Venice" in the auditorium of the Senior high school. The play was given by a New York company and was well enjoyed by the students.

Term Ends May 22 The last day of school for the current year will be May 22 when classes will be dismissed for the year. This is rather an early date owing to the shortness of vacations and no loss of time during bad weather.

U. S. NOT TO BE TAKEN IN AGAIN

By ROBERT G. NIXON
International News Service Staff

WASHINGTON, May 4.—Congress has served firm notice to world powers that America is prepared to build battleship for battleship to maintain naval parity as a guaranty of peace.

Defining America's naval policy in an exclusive interview with International News Service, Rep. Carl Vinson (D) of Georgia, chairman of the house naval affairs committee, asserted:

"The strongest and soundest guarantee for world peace is adequate preparedness.

"If you leave the lock off your door you invite trouble. We are going right ahead with replacements to build the navy up to treaty limits.

"If Great Britain, Japan or any other world power begins building new battleships we will build right with them.

"An adequate national defense is the best surety for the world peace America hopes for."

Other Powers Build
America, Vinson said, at the Washington and London naval conferences, made a sincere attempt to effect world disarmament, scrapped ships and halted building for 10 years, only to find that some other world powers were going right ahead building up powerful navies.

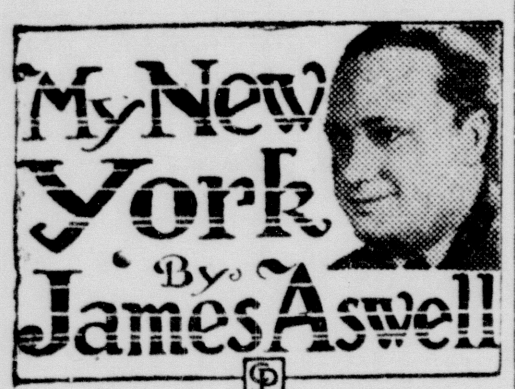

"We're not going to be taken in again," he said. "We are determined to maintain the 5-5-3 ratio and a navy second to none."

Vinson declared America's naval views as the house, in record-making time, approved and sent to the senate the nation's largest peacetime naval appropriation.

In the \$531,068,707 measure there was inserted at White House request a provision for commencement of construction of two new 35,000 ton battleships at a completed cost of approximately \$100,000,000.

The battleships, replacements of two outmoded capital ships, will be built in the event "capital ship replacement construction is commenced by any other signatory power" to the London treaty.

With announcement in press dispatches from London of Great Britain's intention of building two new battleships and 36 fighting craft of lesser tonnage, it was regarded as virtually certain that keels for the two new battleships would be laid down within the next few months.

NEW YORK, May 4.—I like people with healthy minds, Dr. Logan Clendenen, the health columnist and author of "The Human Body" and "The Care and Feeding of Adults," has that sort of mind, which is rarer than you might think.

He does not fall for baloney; fads and millenniums leave him cold. And so I seek the society as avidly as I seek the door when the young ladies with thin lips and icy eyes begin to carry on about the evils and injustices of an imperfect world.

He is a vast man with red cheeks and thick curly hair. Observing him you reflect that he could probably do damage to a wallowing steak, with a side order of hash-browned potatoes.

It so happened that I first saw him in the flesh immediately after he had written an article for a popular magazine entitled, "How to Reduce." His system, I decided sadly, must be as fallacious as all the rest, or else he had never tried it on himself. But when I went home and read the article.

The gist of it was that plumpness is, for the most part, ordained by God and Mendel in there is no use and some danger in doing and warring and starving yourself about it. East, stay fat and be happy. That was his message.

And there is the sort of physician I like. He adduces sound scientific reasons for doing what you have secretly made up your mind to do anyhow.

But Logan Clendenen, who writes better than any medico since Somerset Maugham forsook his prescription tablet, is more than a conscientious Hippocrates toiling to keep men from paying the penalty for their sins. He is, in his way, a philosopher full of wisdoms as salubrious to the American soul as any Ed Howe or the late Finley Peter Dunne ever loosed.

To use his own phrase, he is tough-minded. He believes that the habits and usages of the society into which we are born are the result of many centuries of trial and error. He doubts that Utopians could do a better job overnight. He sees much unhappiness around him, but he is skeptical of the merits of panaceas. He is the despair of the World Savers and Quick Change Artists of the Millennium, because they cannot transfix him with the label of reactionary. It won't stick.

On Court House Hill

County Treasurer, Joseph H. Hartland reports that collections of county taxes for 1936 during the month of April amounted to \$8,600. Considerably more is expected this month when tax cards for all the different wards are sent out. Taxes paid now are subject to five per cent discount.

County Commissioners have appointed Mrs. Mary Henderson as registering assessor in the second ward of Ellwood City, to take the place of her husband, B. B. Henderson, now deceased. Registering assessors enumerate the voters in their districts.

Deputy Sheriff Elmer Taylor reports that there are now thirty-five inmates of the county jail, some serving sentences and others awaiting trial at the June term of quarter sessions court. The list embraces thirty-four men and one woman.

Picture of Alvin Karpis, public enemy No. 1, which has been hanging in the rogue's gallery at the office of Sheriff Edward D. Pritchard, has been taken down, following the capture of Karpis at New Orleans. The circular, printed at the direction of J. Edgar Hoover, chief of the Federal Bureau of Investigation, offered \$5000 for information leading to the arrest of Karpis.

County Commissioners are checking up on the roads to be improved this summer provided satisfactory releases from damages can be secured. It is the intention to list more roads on the program than can be improved, on the theory that there may be some where satisfactory releases cannot be obtained. They will be described in favor of the roads which will be the least expensive.

There may not be such a hot time at the coming session of the legislature as was expected, since both assembly rooms have been air cooled. They are the only rooms at the state capitol which have so far been conditioned. The first meeting of the session will be held at 8 o'clock this evening, instead of at noon as is customary. The change was made in order to give time for caucuses on the selection of candidates for the speakership of the House of Representatives.

A charter has been granted to the Ellwood City Furniture Company. The incorporators are Stanley J. Kahn, Felix Neil and Louis Caplan. The company is chartered to do a general furniture business.

It begins to look as though some agreement will be reached between the county commissioners and citizens of Volant whose property would be damaged by improvement of the public road through the village. When the commissioners visited Volant recently no figures as to the amount of damages that would be

asked, were submitted. The commissioners asked that this be done in order that some working basis might be established. The property owners affected have now submitted a proposition for the consideration of the commissioners, and the commissioners have submitted to the property owners a counter proposition. If the differences can be ironed out, the road will be improved, otherwise it will not.

Joe Barton, Philadelphia newspaper man, has been appointed assistant to Gus M. Steinmetz, chief of public relations, for the Republican state committee. His appointment is said to mean increased activity on the part of the state committee in connection with the impending presidential campaign. Barton was chairman of the Republican state committee in the Hoover campaign of 1927.

Slum Clearance Program Slumps

Budget Bureau Fails To
Approve "Writing Off"
Of 45 Percent Of
The Costs

By WILLIAM S. NEAL
International News Service Staff
Correspondent

WASHINGTON, May 4.—Collapse of the \$128,000,000 WPA slum clearance and low-cost housing program, as originally conceived was threatened today by failure of the budget to approve "writing off" of 45 percent of the cost of projects.

Unless the readjustment is approved by act of congress, housing officials said, the apartments and houses being built in 27 cities cannot be rented to the low income groups for whom they were intended.

At High Rent
The projects, official statements revealed, cost so much that they can only be rented to persons with sizeable incomes if the government must be repaid for its entire investment.

Although bills giving Secretary of Interior Ickes power to fix rentals on a "write down basis" were submitted to the budget bureau weeks ago by the house ways and means committee, no report has been received.

The normal course of procedure is for the budget bureau to promptly report whether the legislation is in conflict with the president's financial program. If it is, the legislation usually is dropped.

A movement is under way in con-

gress, however, to authorize the grant of 45 percent of the cost without administration approval.

Bills Passed
The senate has passed a bill permitting Secretary Ickes to pay taxes to local communities or a 5 per cent service charge. House bills broadening this proposal to include the rent reduction.

The first obstacle confronted by housing officials was the ruling of Comptroller General McCall that rents must be charged which will give the government its money back.

Tellers Count Pitt Ballots

Pitt Alumni Votes On Election Of Two Members To Board Of Trustees

(International News Service)

PITTSBURGH, May 4.—Tellers today began to count the ballots cast by alumni of the University of Pittsburgh in an election to name two of their number to the board of trustees.

The alumni council nominated four candidates, Norman McCleod, W. S. Rial, Charles Thompson and Wilbur D. Hockensmith, but a so-called "liberal group" sponsored a "write-in" campaign for Rep. Al Tronzo and Dr. John J. McLean.

Two alumni were to be elected to the board in partial fulfillment of Gov. George H. Earle's demand that 15 alumni be seated under the threat of cancelling the university's \$1,188,000 biennial appropriation.

About 4,000 ballots were returned in the election conducted by mail, balloting ended Saturday. The vote indicated that about one-fourth of the university's alumni cast ballots.

Commander Ray Murphy
And Auxiliary Leaders
Will Be Here On
Thursday Evening

EXPECT MANY TO
ATTEND BANQUET

With arrangements for the reception and banquet for National Commander Ray Murphy, of the American Legion, and the National and State officers of the Ladies' Auxiliary now virtually completed, members of the posts in the 26th district are looking forward to the arrival of their leaders on Thursday.

In honor of their visit, a reception and banquet, and program has been arranged which will attract Legionnaires and Auxiliary members from the surrounding district to this city. The visitors are expected to arrive here during the afternoon and an informal reception will take place at the Castleton. The banquet will start at 6:30 in the Cathedral followed by a program in the auditorium, immediately following. The concluding feature will be the dance in the main ball room, when a nationally known orchestra will furnish the music.

Additional committees, announced by General Chairman Ivar M. Richards, include the following:

First Aid—Mrs. Olive C. Bolinger, chairman; Mrs. Mary Bell, Orville Potter, Miss Kathryn A. Hite, vice chairmen.

Sons of Legions—Bernard Hook, chairman; Dr. R. C. Lutz, W. E. Perver and Albert Hewitt, vice chairmen; Orville Potter, Clare Lutz, E. M. Withers, Fred Halt-north, George Lamoree, Earl Sowers and William Evans.

Decorating and Detail Committee—James Cooper, chairman; Jack Wilson, George Wendt, Rufus Simpson, Wade Daugherty, Walter Dietterle and R. B. Hays, vice chairmen; men: R. W. Pitzer, Frank Ross, C. C. Smith, G. O. Scheidemantle.

New Castle Men Were With Murphy

When National Commander Ray Murphy of the American Legion comes to New Castle on Thursday, May 7 for the annual national commander's banquet, it will be the first time since the war he has been in the home city of any number of the men who served with him.

Commander Murphy was made captain of Company A, 107th Machine Gun Company, 28th Division, at the latter-end of the Argonne Drive. In the company at that time were the following New Castle men, Chester A. Brenner (now of Sharon), A. Lewis Conn, Harry McCormick, Howard Elder, Edward Gross, Joe Wolfstange, John Latwiler, Charles Marron, and Ralph Cartwright who died before the company left France.

Commander Murphy is a native of Iowa but was assigned to the 28th Division. He went through the balance of the war after the Argonne with Company A and brought them back to the United States.

Burglars Get \$300 At Furniture Store

BEAVER FALLS, Pa., May 4.—Burglars entered the Martsoff Furniture Company store in the Seventh avenue business district yesterday, wrecked and looted the office safe and escaped with \$300 in currency, a gold watch and a diamond ring. Chief of Police William Davidson reported.

Damp tobacco will probably weigh from 10 to 20 pounds more than dry tobacco.

AROUND CITY HALL

There were no serious automobile accidents in the city during the past week. Several persons were struck by cars. In most accidents, reports said the persons were walking or running across streets when struck.

B. J. Biondi will be given the privilege of operating the dance pavilion at Cascade Park. He put in the only bid recently and he will be given the concession for one year, according to city hall reports.

The city has already started to use the wire mill of the Carnegie-Illinois property for storage purposes. The city will exonerate the company of taxes in lieu of paying rent.

There are several humps and depressions in Albert street, which should receive attention. It is expected that when the street department does work on the North Hill the thoroughfare will be fixed up.

Indications are that some men will be given temporary jobs as police this summer. They will be assigned to work during the vacation period.

Services Are In Second Week At Euclid Methodist

Special meetings are now in their second week at the Euclid avenue M. E. church. A large crowd was present Sunday evening when Rev. Frank S. Neigh, D. D., brought a powerful and spiritual message, preceded by a stirring, old-fashioned song service, in which the West Pittsburgh junior choir participated. Dr. Neigh will preach tonight and Tuesday night. Special music will feature each service. The Gibbons sisters will sing tonight and the Misses Margaretta Lewis and Marian McKenzie of the Primitive Methodist church Tuesday.

Woman's Stomach Like Gas Factory After Meals

One lady said recently that her stomach used to be like a "gas factory." That is when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and indigestion. Now, however, this lady says she is FREE OF STOMACH GAS and she says the change is due to taking the new, double-acting stomach alkaliizer, called WHITE SWALLOW—the scientific formula of FOUR (4) different remedies for stomach distress. Her meals agree with her. No gas or bloating after eating. Headaches gone.

Acts At Once

WHITE SWALLOW neutralizes acids in the stomach, expels gas, relieves pain, bloat, swelling and headaches. Relief comes immediately. It is not habit-forming like soda. Pleasant to take and it settles the stomach at once.

Costs A Penny

Least of all, WHITE SWALLOW costs so little; less than 1c a dose. So it would be a mistake to go on suffering. We recommend this new, scientific remedy because we know it has helped so many.

SUSPEND THREE JOCKEYS FOR DERBY MIXUP

Brevity Taken Out By Block At Start Of Race

Arguments Over Relative
Merits Of Bold Venture
And Brevity Continue

NO RUN OFF AT PREAKNESS

By DAVIS J. WALSH
International News Service Sports
Editor

NEW YORK, May 4.—The race is finished by thirty six hours, but the argument as to whether the better horse—Bold Venture or Brevity—won the Kentucky Derby on Saturday isn't, hasn't and possibly never will be. All that is known is that Bold Venture, the \$43 shot, ran a mile and a quarter and won; and that Brevity, the hot favorite, ran a mile and maybe 450 yards and lost by a head in 2:03 3-5 after coming off his knees at the barrier.

Nor do I think the question is solved by those who say, triumphantly, "Well, Bold Venture won, didn't he? What else do you want?"

Personally, I'd want to be less certain this morning that Jockey Wayne D. Wright hadn't been felled off, in perpetuity, for his winning but boisterous ride on top row in the Santa Anita Derby last winter. Jockey Wright not only rode the winner that time but seemed to have everybody else riding the fence.

This time, he and his horse, Brevity, were taken out at the barrier with the violent efficiency of a blocking back on the football field and again suffered interference on the first turn. The result was the roughest and most interesting derby of the generation, not even excluding the race several years ago when the riders on Broker's Tip and Head Play stopped beating their horses and began beating each other.

Another result was that Jockey J. Stout was set-down—upon his Southern exposure—by Granville in the first eighth and that Jockeys Ira Hanford, G. Burns and Nick Wald were set down by the stewards for fifteen days. It was just a coincidence that they rode respectively Bold Venture, Indian Broom and Goldstream, the horses that finished first, third and fourth.

I was thinking about it on the way back to Eddie Littenberger, who rode Teufel and, therefore, had something of a grandstand seat, blamed most of it on Bold Adventure, which, in the end, was very obvious at the post. He also said that he was surprised at the way Brevity came on in the last three-quarters.

"We were together approaching the half," said he, "and I figured the 4-5 favorite was out of it. We had only one horse behind us at that point. But suddenly Brevity began running over everybody and, after that, I lost sight of him."

As a matter of fact, the chart said he was ninth at the quarter, sixth at the half, third at three-quarters and second in the stretch. By that time, he had run the legs out of his under little Indian Broom, which just couldn't pick up all of those 126 pounds and tote them a mile and a quarter.

Almost Dead Heat
By that time, too, I couldn't see where Brevity had a chance. He was almost two lengths back and the finish seemed right in front of him. Yet he got up to within less than the head by which the chart called the margin at the finish and, in another stride, it would have been a dead heat.

He had been on the outside all the way from the three-quarter pole to the finish and most certainly did a lot more running than any other horse in the race. But, admit it, Bold Venture did a lot too. He was well back at the quarter and first at the half and, from there until he turned into the stretch, he convincingly beat the only horse that seemed worth beating at the time namely, Indian Broom.

If he had really met Brevity's challenge, there would be neither arguments, nor post mortems now. But he really didn't. Brevity had to come from so far that the challenge wasn't made until the closing strides—and then it was just a split second too late. In five more years it couldn't have failed. But the essential thing is that, at the official distance of 1-1/4 miles, it did.

Ordinarily the issue would be settled at the Preakness two Saturdays hence, even as was the case with Broker's Tip and Head Play. But somehow in these big stakes Mr. Widener is never right. And in the case of the Preakness, he was never more wrong. He didn't nominate his horse.

Lawrence County Coon Hunters association will hold a meeting at 7:30 a. m. Tuesday at the Y. M. C. A. for the purpose of naming officers for the coming year, according to D. C. Wheale, acting secretary.

Bruce Campbell Will Not Play Baseball Again

Cleveland Star Must Not Re-
turn To Diamond Game
Says Boston Physician

(International News Service)
BOSTON, May 4.—The playing days of Bruce Campbell, star right fielder of the Cleveland Indians baseball team, are over, physicians said, as he was treated for the second attack of spinal meningitis within a year at St. Elizabeth's hospital.

Only his fine physical condition enabled him to fight off the second attack, usually fatal, physicians said. Loss of the heavy-hitting outfielder, whose play has been a feature of the early season Cleveland drive toward the top of the American league, will put a crimp into the pennant aspirations of the Indians. Rookie Jimmy Gleason will be called into action to fill the breach.

Sports Review Just At Glance

(International News Service)
Turf world hailed Bold Venture winner of Kentucky Derby. Joseph E. Widener, while conceding greatness of Bold Venture, said he was confident his Brevity could take his measure if they meet again.

Widener added it was his opinion interference at start of classic was responsible for failure of Brevity to take first honors. Mrs. J. Jedrejowski, Polish star, scored upset victory over Helen Jacobs in finals of Budapest tennis championships. Jimmy McLaughlin and Tony Canzoneri reached high spots in training campaigns for ten round battle in New York on Friday.

Barney Ross, who has fought both men, predicted McLaughlin win. By defeating the St. Louis Shamrocks 3 to 0, the Philadelphia German-Americans became first amateur team to win national soccer crown.

Greens reported to be worrying American Curtis cup golfers as stars of matches at Glenageary, Scotland draw near.

Baseball lid was lifted in the seventh ward yesterday when Mahoning defeated Wampum 12 to 7. J. Winter pitched a good game against Mahoning, fanning 12 and allowing only nine hits. Rainey and Russo occupied the mound for Mahoning, which scored more than enough runs in the fourth frame to win.

Score by innings: R. H. E.
Wampum 411 002 1— 7 9 3
Mahoning 403 302 —12 9 3
Batteries—Wampum, J. and S. Winter; Mahoning, Rainey, Russo and C. Picarro. Umpires, Russo and Richards.

The following men are asked to report at the meeting for an organization meeting: James Dunn, Charley Bishop, Keith VanFossan, Bill Ross, Nick Tuscano, Frank Isabella, Mike DiThomas, Ray Cutler, Earl Riley, Harley Brooks, James Mancino, and any others who would like to umpire this coming summer.

Church League
Starts Thursday

New Castle church golf league will get under way Thursday evening at 5:30 o'clock at the New Castle Field club course. Secretary Fulton McGill will have the handicaps ready for the opening night.

There are ten churches in the league this year and it means five matches every Thursday night. There are about 100 golfers in the league on the various teams. Sam Lewis is the president of the league.

BOLD VENTURE WINS KENTUCKY DERBY

Pictured here is the close-up of the finish of the sixty-second running of the Kentucky Derby at Churchill Downs in Louisville Saturday. Bold Venture (nearest to rail) beat the favorite, Brevity, by a head in a spectacular finish before a record crowd of 62,000. Indian Broom was third. The Derby winner ran the mile and a quarter in the fast time of 2:03 3-5, with Ira (Babe) Hanford, brilliant young apprentice jockey in the saddle. Central Press photo.

CARDS PHILS
TAKES VICTORIES

(International News Service)
NEW YORK, May 4.—Roman conquerors seem to be the order of the day. There's Mussolini, Toscanini and Joe Di Maggio. The news columns tell of the first named's exploits, the music pages are filled with panegyrics about the noted conductor and the sports sections, of course, extol the last-mentioned.

New Yorkers had to wait for almost a month after the start of the baseball season to get a glimpse of the highly publicized San Francisco outfielder in action, but they agreed today that it was worth it. The coast league graduate is plenty of ball player and, at the moment, at least, shapes up as the outstanding candidate for Babe Ruth's popularity throne.

Di Maggio in Lineup.
Di Maggio, who injured his foot in training camp, made his debut in the Yankees' 14 to 5 conquest of the St. Louis Browns and contributed three hits—a triple and two singles—in six turns at bat. In the outfield he handled himself like a veteran. It was the eighth consecutive defeat for Rogers Hornsby's charges.

The world's champion Detroit Tigers invaded Boston and took a 6 to 0 drubbing from Wes Ferrell and the Red Sox. The big right-hander was in rare form, holding the Tigers to two singles—both of which were collected by Goose Goslin. The game was played in a continuous downpour, but a paid crowd of 30,800 sat through it all.

The Cleveland Indians halted the Washington Senators' four-game winning streak, winning by 3 to 0 in a five-inning contest halted by rain. George Blaeholder held the Senators to three hits, while his mates were pounding Buck Newsom for six.

A five-run uprising in the ninth drove Dusty Rhodes from the box and gave the Chicago White Sox an 8 to 4 triumph over the Philadelphia A's. Zeke Bonura climaxed the rally with a home run.

Cards Top Bees.
The St. Louis Cardinals cemented their hold on first place in the National league by handing the Boston Bees a 6 to 2 whipping, for their sixth consecutive victory. Hallahan and Winford divided the pitching for the Cards and Manager Frankie Frisch had a perfect day at bat with three hits in three attempts.

A pinch single, with the bases filled and two out, by the ailing Manager Bill Terry, enabled the New York Giants to score an 11-inning victory over the Cincinnati Reds. Terry's blow was made at the expense of Benny Frey. It was the Giants' first win in four starts.

Pirates Win.
Another extra inning game—this one going to the 12th frame—saw the Phillies besting the champion Cubs by 8 to 5. Mike Kowalk, young right-hander, weakened after pitching three good relief innings, and the Phils reached him for four hits. The hapless Brooklyn Dodgers

HERE AND THERE IN SPORTS' LAND

Ralph Metcalfe, Marquette sprinter, will begin training today in the hope that he will be a member of the O. S. Olympic team. Metcalfe took second in the 150 meters and third in the 200 meters in the Los Angeles, Olympiads, four years ago.

Bill Miller, Lion varsity football end and track captain, has been named as the outstanding athlete in his class. The award goes annually to the senior student who qualifies on the basis of scholarship, character, personality and athletic prowess.

France qualified to meet Holland in the second round of Davis cup play by sweeping all five matches in the opening round against China at Paris yesterday.

Lightweight, Champion Tony Canzoneri and Jimmy McLaughlin will meet Friday night in a New York ring. McLaughlin will have a weight advantage over the New Yorker.

German-Americans of Philadelphia won the U. S. open Soccer championship at Philadelphia yesterday. They beat the St. Louis Shamrocks 3 to 0.

WHICH HORSE DO YOU THINK WON?

Close finishes at Jamaica and other tracks are made easy for the judges by an electric eye camera which records the action as the horses cross a beam of light. In the race finish shown above, with electric eye equipment at right, the winner was photographed as Malbrouk, nearest the rail. On the outside is First Ministrel, second by a nose.

Leo W. Hill was high man in the rifle shoot held at the Cathedral range by the New Castle Rifle club with a 191 string out of a possible 200. Second high was held by Cramer with 190. Third high went to Allen with 184.

Tonight the New Castle Rifle Club will stage a match shoot with the strong Mahoning Rifle club of Youngstown, Ohio. The Mahonings are the finest rifle team in Eastern Ohio and the locals will have to be at their best to take the match.

The results of the New Castle club shoot: Hill 191, Cramer 190, Allen 184, McKibben 182, W. McBride 176, Thomas 173, E. McBride 169, Van Horn 164, and Bryan 128.

The hero—Bill Terry, ailing manager of the New York Giants, whose pinch shoot with the bases club in the 11th inning gave his team a 7 to 5 victory over the Cincinnati Reds.

The roat—Paul Derringer of the Reds, whose failure to slide to the plate in the fifth inning of the game with the Giants, cost his team a run and himself a stiff fine.

Corporation Tax Bill Is Headed For Endorsement

Senate Finance Committee
Will Probably Approve
Of \$803,000,000 Tax
Bill

By WILLIAM K. HUTCHINSON
International News Service Staff
Correspondent
WASHINGTON, May 4.—The administration's revolutionary \$803,000,000 corporation tax bill today appeared headed for an early endorsement by the senate finance committee, despite the warning cry of business men that it will block industrial recovery.

While business executives were unanimous in condemning the bill, the overwhelming Democratic majority on the committee were reported ready to approve it in principle. Some minor amendments were contemplated to eliminate ambiguities, but the new scheme of taxation to force distribution of corporation earnings to stockholders undoubtedly will be retained in the bill.

Senators Speak

This was made clear by Senator Harrison (D) of Mississippi, committee chairman. He said: "The president has recommended the principle of taxation written into this bill by the house. Its general philosophy will be maintained by the committee. I see no reason for changing it. There will be some clarifying amendments to clear up ambiguities but such amendments will not change the principle underlying the new taxes."

Senator King (D) of Utah, chief Democratic critic of the measure, will propose scrapping the whole bill for a series of increases in existing income and corporation taxes. He admitted, however, the task of securing committee approval of such a substitution appeared hopeless.

King's program, however, had the approval of a majority of the business executives, who paraded through the witness stand at the committee's public hearings. One after another business men condemned the administration bill as destructive to business recovery, demanded the government reduce federal expenditures instead of increasing taxes and, as a last resort, recommended increase of existing taxes rather than invasion of a new and experimental field of taxation if more revenues were vitally needed.

Public hearings on the bill were to be completed this week. Witnesses for the day included spokesmen for the U. S. Chamber of Commerce, Illinois Manufacturers association, Wholesale Dry Goods Institute and individual industrial concerns. All were opposed to the measure as now drawn.

East New Castle Men Will Shoot

Tom Shaffer, president of the East New Castle Rod and Gun club, announced a change in the time of the shoot to be held tonight at the East New Castle range from 7:30 o'clock to eight o'clock. All members of the club are asked to be present.

Torture Murder Plot Is Probed

Los Angeles Police Investigate Charges In Death Of Woman

MUCH MARRIED MAN ACCUSED

By GRIFFING BANCROFT JR.
International News Service
Staff Correspondent
LOS ANGELES, May 4.—A torture murder plot in a honeymoon cottage in which deadly poisonous insects and snakes were used and which culminated with discovery of the bride's nude body in a shallow fish pond was charged here today against a 38-year-old much-married barber shop proprietor.

As details of how the bare foot of his bride of a few weeks assertedly was forced into a box of whirling rattlesnakes were ready for presentation to the grand jury, the "Lothario Barber," Robert S. James, was booked in jail for the murder of pretty Mary Busch James.

James has been in jail here a week on moral charges after he assertedly was surprised in a love nest with his beautiful 21-year-old niece, Lois Wright, a manicurist in his barber shop. She is being held as a witness.

Also held on open charges today was Charles H. Hope, James' principal accuser and, according to police, confessed participant in the weird plots to do away with the young wife for a share in the \$11,000 insurance which was carried on her life.

According to the story said to have been learned from the two men after hours and hours of intensive police grilling, young Mrs. James was finally killed by being drowned in a bathtub. Before this, however, plots to kill her assertedly included the fiendish rattlesnake episode, attempts to have her bitten by a horde of deadly black widow spiders, and a horrible plan to burn her to death.

In a dramatic meeting between Hope and James in county jail here, both men admitted parts in the various plots, but each accused the other of the final bathtub drowning. Hope said he found Mrs. James body lying in the hall, and that he helped James strip off her wet red pajamas and throw her in the fish pond.

Meanwhile the investigation was reported to have spread to Colorado, where another wife of James was found drowned in a bathtub on Oct. 14, 1932.

She was Winona Walker James, found dead in an auto camp at Maniton, Colo., not long after she became James' third wife. James later married Ruth Thomas in New Orleans, but secured an annulment on the grounds he was intoxicated when the ceremony was performed.

Another Lynching Occurs In Georgia

(International News Service)
PAVO, Ga., May 4.—A mob to which he allegedly confessed he killed a 24-year-old white man today had lynched John Rushin, 55, Negro farm hand, who was abducted from the sheriff shortly after he had been arrested.

"About 200 people" took the Negro away from the sheriff, Herbert Kennedy, of Thomas county, after Kennedy had arrested the Negro in connection with the death of Marion Pate.

The murder occurred earlier in the day near the scene of the lynching, Sheriff Kennedy said.

Rushin's death was the second for the state in less than a week. Lintshaw, 45, was lynched by a mob near Danielsville last week.
